

# Human Bingo — Gerunds and Infinitives

**Step 1:** Complete the questions using either a gerund or an infinitive.

**How to play:** To win the game Bingo you must get three answers in a row horizontally, vertically or diagonally.

- Ask your classmates the questions in the squares. Write your classmate's name in the square **only if** their answer is 'yes'. Then ask the follow-up question in that square.
- If your classmate answers 'no', ask another question(s) until his or her answer is 'yes'.
- Call "BINGO!" when you get three squares with 'yes' answers from your classmates.
